The Dispensary vs. High License.

Mr. Editor: Taking it for granted that the columns of your paper are open to a free and fair discussion of any matter of public interest, I offer a few reasons in favor of the present system of handling the traffic in whiskey and other liquors, as against the "high license system" which it is said, will be the resultant system, if the Dispensary system is abolished.

As all are aware, under the present system, the net profits on sales are divided between town and county in support of the public schools; in other words, all of the people are directly benefited; whereas, under the "high license system" only incorporated towns indirectly through the party conducting the high license saloon. Also under the present system the sale of whiskey is restricted, being sold in original packages only, and not sold to habitual drinkers and minors, and operated only during the day, thus excluding the alluring features of the high license saloon such as pool tables, keeping open at night, etc., which are so harmful to the youth of our country and state.

All will concede that were it possible to have real prohibition, no blind tigers, it would be best. But it is said to be impracticable; and if so, would it not be wise to follow the advice of one of the sages of the past, who said, "Of two evils choose the less?"

One of the best read men in the county and a close observer of men and matters of public interest, after a residence here of nearly a quarter of a century, declares emphatically that the dispensary system of handling whiskey and other liquors is the best law ever adopted by the General Assembly of our State and a great many others who do their own thinking and are not blind through prejudice concede the same.

What sensible man or woman wants a reinstatement of the "Old Saloon System", with its midnight brawls, murders and other crimes. Observer.

Letter to W. C. Boyd.
Winnsboro, S. C.

Dear Sir: Two years ago the estate of the late Congressman Scott, of Erie, Pa. painted 24 Rolling-Mill houses one coat Devco at a saving of 11 per cent for paint (lead-and-oil was after the job).

That's how the tale reads. We infer what really happened. The buyer, as usual, went by the coat of paint; got bids. Lead-and-oil bid low and guessed the quantity low; the saving was only 11 per cent.

Nobody seems to have thought of this: the painting costs two or three times as much as the paint. How much did we save on the painting? Don't know.

The tale ends with this: We often refer inquiries to those houses, for wear of Devco.

That's a good-enough story; but nobody knows what it is. Our only difficulty is want of paint-intelligence.

Yours truly

70 F. W. DEVCO & Co.

Want it Continued.

The Gregory-Conder Mule Co., Columbia, in enclosing check for the last quarter of their last year's advertising, make this very pleasing note: "We are pleased with the advertisement and want it continued." This enterprising firm has had their advertisement in the News and Herald for the past twelve months and their order to have the same continued is the best assurance that they have been thoroughly satisfied with the results obtained therefrom. Mr. John W. Conder, the secretary and treasurer, is a hustling young business man, who spares no pains to push business. He has just returned from the Western markets with a big lot of horses. See their interesting announcement elsewhere.

How to Cure Bunions.

First soak the corn or bunion in warm water to soften it; then pare it down as closely as possible without drawing blood and apply Chamberlain's Pain Balm twice daily, rubbing vigorously for five minutes at each application. A corn plaster should be worn a few days to protect it from the shoe. A general liniment for sprains, bruises, lameness and rheumatism Pain Balm is unequalled. For sale by Obeur Drug Co.

Longtown Locals.

We are having very favorable weather for harvesting the crops. The bulk of the cotton crop has been gathered already and ere the Ides of November, the fields that were so whitened for the harvest, will in all probability be bare. Very little cotton is being sold since the recent decline in the price.

Mrs. Minnie Harrison and her daughters, Misses Louise and Lawrence, of Blackstock are on a visit to relatives here.

Mrs. E. P. Scott spent several days with friends in Ridgeway last week.

Miss Ida Wylie of Winnsboro visited her aunt, Mrs. Jas. C. Stewart, some time since.

Miss Janie Bell of Blackstock is spending several days with Miss Lethard Lewis.

Miss Mary Harrison of Ridgeway visited relatives here last week.

Mr. R. W. Reeves is visiting the family of his father, Mr. R. C. Reeves.

Mr. J. D. Harrison went to Columbia Thursday on a business trip.

Mr. L. T. Wilds of Columbia was in Longtown several days this week.

Miss Estelle Harrison spent several days in Ridgeway during the past week with her sister, Mrs. W. B. Kennedy.

Mrs. Janie Bankhead went to Chester several days ago to attend the funeral services of the little daughter of Mr. J. D. Bankhead.

Mrs. William Stewart, who has been an invalid so long and apparently with no hope of recovery, is convalescing, much to the gratification of her friends.

Mr. G. B. Bush of Hopkins was a recent visitor at Mr. D. W. Tidwell's. E. H. D.

Crosses of Honor.

All Confederate veterans and oldest living lineal descendants, who desire a Southern Cross of Honor, will please send in their applications at their very earliest convenience to the John Bratton Chapter of the Daughters of the Confederacy, Winnsboro, S. C. After their certificates are duly signed and returned, a day will be appointed on which the crosses will be conferred.

Astonishing Incident.

It was, to all her friends, an astonishing incident, that Mrs. I. B. Hunt, of Lime Ridge, Wis., was cured of her dreadful sickness. "Doctors," she writes, "had given me up; friends were ready to bid me the last farewell; clouds of despair darkened my horizon, and I was a wreck on the shores of despondency, when I began to take Electric Bitters, for my frightful stomach and liver complaint. To the astonishment of all, I was benefited at once and am now completely and miraculously restored to health." At McMaster Co.'s, Obeur Drug Co.'s and John H. McMaster & Co.'s drugstores; price 50c; guaranteed.

Is it Right?

Is it right that a property-owner should lose \$4.20 to let a dealer make 50 cents? A dealer makes 50 cents more on fourteen gallons of ready-to-use paint, at \$1.50 per gallon, than our agent does on eight gallons of L. & M. paint and six gallons of linseed oil, which makes fourteen gallons of the best paint in the world, at \$1.20 per gallon, the property-owner loses just \$4.20. Is it right?

It only requires 4 gallons of L. & M. and 3 gallons linseed oil to paint a moderate sized house. Ten Thousand Churches painted with Longman & Martinez L. & M. Paint.

Liberal quantity given to churches when bought from McMaster Co., Winnsboro, S. C.; G. L. Kennedy & Co., Blackstock, S. C.; Chas. P. Wray & Co., Ridgeway, S. C.

Insomnia and Indigestion Cured.

"Last year I had a very severe attack of indigestion. I could not sleep at night and suffered most excruciating pains for three hours after each meal. I was troubled this way for about three months when I used Chamberlain's Stomach and Liver Tablets and received immediate relief," says John Dixon, Tullamore, Ontario, Canada. For sale by Obeur Drug Co.

Do you love to look at pretty pictures? Then come and feast your eyes. Big lot of beauties. R. W. Phillips.

A Fortunate Mistake.

In the make-up of a paper it is possible for all kinds of mistakes to occur. There are possible any number of typographical errors, which are always credited to the printers—at least that is the defence the editor always makes. Then, in putting the matter in the paper, eyes have to be kept wide open to see that everything goes where it belongs and that nothing is left out. In the make-up of the News and Herald last week there was a mistake of the latter kind, which we consider very fortunate for us from a business standpoint. However much we had thought previously that the majority of people did read advertisements, our conviction that they really do is now ever so much stronger. A number have asked us whose advertisement that was that had no signature to it, which would indicate that they not only read the advertisements, but read them thoroughly. Now Tyson and Jones' buggies have been on the market for the longest time and they have been sold in Winnsboro for a good many years by one of the town's leading merchants, Mr. W. C. Beatty, and yet some of these readers were not able to associate the name of this celebrated buggy with the dealer. All of which goes to show that no article, whatever its superior merits may be, ever becomes so well known that the use of printers' ink will not serve to keep it before the people.

A Dozen Times a Night.

"I have had kidney and bladder trouble for years, and it became so bad that I was obliged to get up at least a dozen times a night," says Mr. Owen Dunn, of Benton Ferry, W. Va. "I never received any permanent benefit from any medicine until I took Foley's Kidney Cure. After using two bottles, I am cured. Sold by McMaster Co."

No Reason to Stop.

The advertisement of the Macfeast Business College of Columbia, which has now been appearing in the News and Herald for twelve months, is to be continued for another year. Another very satisfactory evidence that advertising in the News and Herald pays. See their new announcement to-day.

Full of Tragic Meaning.

are these lines from J. H. Simmons, of Casey, Ia. Think what might have resulted from his terrible cough if he had not taken the medicine about which he writes: "I had a fearful cough, that disturbed my night's rest. I tried everything, but nothing would relieve it, until I took Dr. King's New Discovery for Consumption, Coughs and Colds, which completely cured me." Instantly relieves and permanently cures all throat and lung diseases; prevents grip and pneumonia. At McMaster Co., Obeur Drug Co. and John H. McMaster & Co., druggists, guaranteed; 50c and \$1.00. Trial bottle free.

JUST ANY OLD THING

Will do for a while, but it will not take you long to find the difference between the real article and its imitation. This sad discovery never comes to those who buy

Hackney and Chase City Buggies,

for they are the real thing, the Buggy "It". Nor is there any of that sad realization that you have been duped by taking the "just as good" when you buy an

OWENSBORO WAGON,

unless you have a different experience from those who have tried them--and that you surely will not have.
